- **Problem Solving:** Analytical thinker with a knack for breaking down complex issues
- **Continuous Learning:**
Committed to staying updated with the latest industry trends and technologies
- **Teamwork:** Effective collaborator with strong communication and interpersonal skills
- **Adaptability:** Quick learner who thrives in dynamic and challenging environments

EDUCATION

Expected in May 2026
Baltimore, MD

Bachelor of Science in Computer Science
Towson University

May 2022
Sykesville, MD

High School Diploma
Century High School

- Honor Roll [4 Years]
- 4.1 GPA
- Extracurricular Activities: Varsity Soccer

May 2022
Westminster, MD

No Degree
Carroll County Career And Technology Center

- The course introduced me to characteristics of cyber-crime, security principles, technologies, and procedures to defend networks. Through interactive, multimedia content, lab activities, and multi-industry case studies.
- Worked with Python to create programs that would interact with the

CISCO architecture, where I learned how computers operate and how computer programs are executed, and evolved my critical thinking and problem-solving skills using an algorithmic approach.

CERTIFICATIONS

- Certified Java Associate Programmer, Oracle - July 2023
